Autumn Is Approaching

Summer comes to a close when fall arrives in September. As the days gradually get shorter and cooler, a variety of trees will begin to prepare for winter, indicated by their leaves changing to brilliant colors of red, orange and yellow before dropping to the ground. Ash, birch and maple trees are often among those that will lose their leaves first.

Apples of Our Eye

September signals the peak season for an autumn staple, apples. One of the most popular fruits, apples are grown commercially in over 30 states, with orchards harvesting 240 million bushels of them each year. Because the fruit bruises easily, all those apples must be picked by hand.

“We are the Bibles the world is reading; We are the creeds the world is needing; We are the sermons the world is heeding.”

Billy Graham

“A real Christian is the one who can give his pet parrot to the town gossip.”

Billy Graham

“When wealth is lost, nothing is lost; when health is lost, something is lost; when character is lost, all is lost.”

Billy Graham

“End of Construction. Thank you for your patience.” Inscription on Ruth Bell Graham’s grave -- inspired by a road sign she saw.
